The Angel, the Scroll, the Temple, and the Two Witnesses
Revelation 10:1-11:14

Notes and Questions that go with the message:

1. Although Some believe the Mighty Angel is Jesus, what does the passage say that negates this viewpoint?

2. Even though our tendency is a desire to know what the seven thunders said, why is this impossible?

3. Even John is told to measure the temple, what does that tell you about the probabilities of the temple being rebuilt? What stands in the way of the Temple being rebuilt? Who will help the Jews move forward in the rebuilding of then Temple?

4. Discuss the possible identities of the two witnesses?

5. How will all the world be able to see the bodies of the two witnesses lying in the streets of Jerusalem?
